Issues List

The following table includes the client-reported and internally-found issues addressed in this release.

Table 2: Issue Descriptions and Resolutions

Zendesk Ticket IDs	Internal ID	Issue Title	Issue and Resolution Details
377648	NSD-10031	R139 issue with modules completed by substitute	There was a minor issue in the R139 Job Profile Compliance Report for courses that have equivalencies. If a user completed a course assigned to a competency as well as one of the equivalencies, the report would show COMPLETED BY SUBSTITUTE when it should just show COMPLETED. The "BY SUBSTITUTE" would only be when the equivalent course is completed, but not the assigned course.
377649	NSD-10030	R139 Issue with All Requirements Met for Job Profiles	There was a minor issue in the R139 Job Profile Compliance Report in the All Requirements Met column for more complicated data sets, typically for job profiles that have optional competencies and competencies that have optional modules. The logic for this column has been revised to account for this complication.
