PeopleFluent Talent Management 22.04.4

Introduction

PeopleFluent is pleased to announce the upcoming 22.04.4 update of PeopleFluent Talent Management. This document provides information about issues resolved in this update.

In this document, we provide only a description of the issue that was resolved in cases where the affected functionality now works as expected. We provide the description and additional detail when a resolution causes a change in system behavior, user experience, or performance.

We do not report issues that we cannot reproduce, or those that were the result of a specific customer's configuration or misunderstanding of functionality.
