PeopleFluent Talent Management 22.04.3

Introduction

PeopleFluent is pleased to announce the upcoming 22.04.3 update of PeopleFluent Talent Management. This document provides information about issues resolved in this update.

In this document, we provide only a description of the issue that was resolved in cases where the affected functionality now works as expected. We provide the description and additional detail when a resolution causes a change in system behavior, user experience, or performance.

We do not report issues that we cannot reproduce, or those that were the result of a specific customer's configuration or misunderstanding of functionality.

Document Revision

This section lists the initial publication and any changes or updates that follow.

Issues List

The following tables include the client-reported and internally-found issues addressed in this release.

PeopleFluent Compensation

Table 2: Descriptions and Resolutions of Issues in PeopleFluent Compensation

Ticket IDs	Internal IDs	Issue Description
323529	PTMSD-2657	It is difficult to identify which employee is which in the employee selection grid if they share the same name. No unique identifiers can be added to the grid. We have now added Employee Id, Manager, and Position Title to the Process Hierarchy Detail Manager and Subordinates grids and the Process Hierarchy Relationship Manager and Employee grids as Available Columns.

PeopleFluent Onboarding

No PeopleFluent Onboarding-related issues were addressed in this update.

PeopleFluent Performance and Succession

Table 3: Descriptions and Resolutions of Issues in PeopleFluent Performance and Succession

Ticket IDs	Internal IDs	Issue Description
Internally found	PTMSD-2671	Goal section disappears if a goal is added during the interim process.
Internally found	PTMSD-2660	Unable to update competencies with tags using the Competency Library API file.
Internally found	PTMSD-2662	Unable to delete a competency group if a tag is associated with a competency in that group.
Internally found	PTMSD-2651	Add Competency Tag to the PeopleFluent Talent Management Pseudo Model so that the tag does not have to be hard-coded in the formula. See the PeopleFluent Talent Management 22.04.3 Release Notes for details.

Common

No issues common to all PeopleFluent applications were addressed in this update.
