Issues List

The following table includes the client-reported and internally-found issues addressed in this release. In this document, we provide only a description of the issue that was resolved in cases where the affected functionality now works as expected. We provide the description and additional detail when a resolution causes a change in system behavior, user experience, or performance.

We do not report issues that we cannot reproduce, or those that were the result of a specific customer's configuration or misunderstanding of functionality.

Table 2: Issue Descriptions and Resolutions
